Grants of up to $30,000 are now available as part of Gippsland PHN's One Good Community Wellbeing Grants.

This Program will support community development activities enabling communities to identify and address their own needs and bring people together to connect, learn and contribute in their local community through social, educational, recreational and support activities, using a unique community resilience approach. https://onegoodcommunity.gphn.org.au/

Gippsland PHN is supporting motivated people who are committed to work with other people to address the impact that natural disasters have on people's mental health and wellbeing and work to build community resilience. This includes supporting people affected by the drought in Gippsland such as farmers, their families and their communities.

Gippsland PHN's One Good Community Wellbeing Grants is now open to support organisations, community groups and/or individuals to undertake activities that improve social connectedness, improve access to help and assistance and decrease isolation and loneliness.
